GENERAL PERMIT CONDITIONS

1. Applicant agrees to comply with all City of Redmond regulations, standard specifications and details, which includes, but is not limited to RCW 19.122 (One-Call regulations).
2. **Applicant: call ONE CALL** for locates **two (2) working days** before you dig @ **1-800-424-5555**.
3. **Notify the Construction Division at (425)556-2723 (a) two (2) working days prior to the start of work, (b) whenever location is changed, and (c) for final inspection upon completion of work.** Provide permit number, location, type of work, contractor name and telephone number.
4. Pavement cuts and utility installations within the right-of-way shall be performed with methods approved by the City. Trench restoration within the right-of-way shall be as indicated on Standard Detail No. 201 of the Standard Specifications. All other areas disturbed or impacted by construction activities shall be restored to an equal or better condition.
5. Signs, cones, barricades, and all other traffic control devices to protect and control pedestrian and vehicular traffic in the construction area shall be used in accordance with the "Manual on Uniform Traffic Control Devices for Streets and Highways (MUTCD), Part VI" and per the approved Traffic Control Plan.
6. Vehicular and pedestrian access to properties shall be maintained at all times and coordinated with affected property owners. Two-way traffic shall be maintained at all times unless approved otherwise by the Traffic Engineer.
7. Where excavation is occurring, barricades are required to separate the work area from pedestrians/public. Contractor shall post and maintain proper barricades and comply with all applicable safety regulations during the period of construction as required by the ordinances of the City and the laws of the State of Washington, including RCW 39.04.180 for the construction of trench safety systems.
8. Erosion and Sediment Control shall meet the requirements of the Clearing, Grading, and Storm Water Management Code, RCDG 20E.90.10. Contractor is required to provide protection of the City storm drain system. Concrete trucks are required to use a designated washout area.
9. ***If any existing landscaping and/or irrigation systems are damaged or removed, they shall be replaced to Parks Department standards. Please call (425)556-2322 to coordinate.***
10. The Contractor is alerted to the City's Noise Standards, RCDG 20D.100:
Work hours are limited to the following:

Monday through Friday	7:00 am to 7:00 pm
Saturday	9:00 am to 6:00 pm
Sunday or legal holiday	Prohibited
- Under extremely limited conditions work hours may be expanded, as approved by the City, for work that cannot be undertaken during standard work hours.
11. **A copy of the approved Right of Way Use Permit with approved Traffic Control Plan** (if required) **is required to be on site at all times.**
12. All survey monuments which are to be disturbed or displaced by such work shall be referenced and restored, as per WAC 332-120, as the same now exists or may hereafter be amended, and all pertinent federal, state and local standards and specifications, including, but not limited to, the City of Redmond Benchmark System's second order, first class specifications.
